ELYRIA AND CLEVELAND MAIL BELIEVED IN LOOT STOLEN AT TOLEDO BY FIVE MEN WHO HELD UP MAIL TRUCK GOING FROM DEPOT TO POSTOFFICE

TOLEDO, Feb. 17.—Five bandits drove up to the postoffice at 2 o'clock this morning and held up the clerks at the point of revolvers, seized eleven sacks of registered mail and made their escape. The value of the contents of the sacks was estimated by the sheriff to be valued at \$200,000 to \$400,000.

A postoffice truck had just arrived from the union station with a load of mail from the east and had finished unloading the truck when the bandits' car drove up to the Fourteenth street entrance and the robbers covered the clerks. The bandit car was pursued for some distance, but succeeded in escaping. Sheriff Taylor has surrounded several resorts at Point Place, north of the city, in one of which the robbers are believed to be hiding.

CLEVELAND, Feb. 17.—Officials of the Federal Reserve bank here said it would be several days before it would be known whether or not any packages of federal reserve notes were contained in the loot secured in the Toledo postoffice robbery. Several large shipments, but nothing out of the ordinary, were made from the bank here yesterday.

WOMAN RELATES
SCENES AT
MURDERS

By S. D. Weyer.
(I. N. S. Staff Correspondent.)
MINGO COUNTY COURT HOUSE, WILLIAMSON, W. Va., Feb. 17.—An elderly woman witness stood down in front of the witness stand today and using a curtain rod as a "gun," gave a striking illustration of a person in the act of shooting. She aimed straight at the jury. At her feet was the relief map of Matewan, showing the scene of the gun battle which led to the murder trial of 19 men now in progress.

The witness, Mrs. Martha Hoskins, of Matewan, teacher, had been using the rod to point out places on the relief map. She was in the kitchen of a house near the scene of the battle. A bullet smashed the kitchen window, scattering the glass over her. She testified to seeing a crowd of armed men rushing down the street. She saw six of the defendants in the crowd. Some of them had rifles. "Bill" Overstreet was "in a shooting position," she said.

Capt. S. B. Davis, examining for the state, then asked her to illustrate that position.

Mrs. Hoskins, in whose house a detective cramped himself into an empty barrel, told the jury she had been threatened by Reese Chambers, one of the defendants, following her testimony before the grand jury.

"Mr. Chambers said I swore a lie," she said to the witness. "He said if I were not a woman he would give me a beating. When I answered him back he said, 'Well, I'll get you yet.'"

Misses Motor Meter

ELYRIA, Feb. 17.—M. L. Crump of Garfield county, reported to the police this morning, to the effect that a motor meter and radiator cap had been stolen from his automobile which was parked in front of the Elks Club last night.

214 Murders and
Mammoth Damage,
Irish Estimates

DUBLIN, Feb. 17.—Another attack upon a train—the third big assault of this kind since last Saturday morning—was reported today from Askeaton, County Limerick. A girl passenger was wounded, but the military police did not report any casualties. There was a heavy exchange of shots when the Sinn Feiners opened fire upon the train.

BIG CROWD SEES
SLAYER BURNED
AT STAKE

ATHENS, Ga., Feb. 17.—Quiet prevailed here today, following the exciting scenes of yesterday and last night, when John Lee Eberhart, negro, was burned to death while a crowd of from 2,000 to 3,000 people stood watch over the funeral pyre.

Eberhart was accused of murdering Mrs. Walter E. Lee, and the wildest excitement followed the killing of the woman in Oconee. Eberhart fled to the home of a friend in Athens, where he was captured by officers. As the fury of the people rose, the negro was taken to the jail in the top of the courthouse at Athens. A large mob soon was surging about the courthouse, and smashing the windows of the courthouse, swarmed up the stairs and upward in the elevator, gaining entrance to the cell where the covering black was held. Eberhart was seized and dragged to the street, where he was thrown into an automobile and followed by a number of other machines, taken to the scene of his crime. There the black was chained to a tree, with wood piled high around him, over which kerosene had been poured and roasted to death, screaming and writhing in agony.

Mrs. Lee, wife of an Oconee farmer, had been shot to death by the discharge of both barrels of a shotgun into her back, while she was on the way to milk the cows.

Contaminating City Water Supply

ELYRIA, Feb. 17.—According to the State Board of Health, the peculiar taste of the city water for the past few days, is due to the streams emptying into Lake Erie, being contaminated from factories and mills located on the banks of such streams.

Inasmuch as the city of Lorain

finds its drinking water has this strange taste nearly the year round it may be that the by products from the coke plant at the plant of the National Tube Company, at South Lorain, may be responsible and it is possible that this same refuse material is what gives the water from the Elyria pumping stations its peculiar flavor.

The odor is so slight that it is impossible to detect the cause of it by chemical analysis and while entirely harmless is rather nauseating to some individuals, according to City Chemist Curtiss.

Elyria Man Sues

Lorain Policeman

ELYRIA, Feb. 17.—Clarence Guthman of this city has filed suit in court against Harry Feldkamp, Lorain policeman, in which he asks for \$15,000 damages for personal injuries.

Guthman was in Lorain, August 20, 1917, attending a carnival. While crossing the road he was run down by Feldkamp, who was riding a police motorcycle at a rapid pace. Guthman was in the hospital for some time and asks for damages.

LONDON, Feb. 17.—The British constabulary in Ireland has "committed 214 murders and destroyed \$25,000,000 worth of property in the past six months," according to an accusation in the Irish Bulletin today.

Military police barracks in Dublin were bombed during the night, but no serious damage was done.

CONFERENCE ON
CABINET
HELD

President-elect and H. M. Daugherty Hold Final Confab Regarding Make Up of Cabinet

By GEORGE R. HOLMES
(I. N. S. Staff Correspondent)

ST. AUGUSTINE, Fla., Feb. 17.—Harry M. Daugherty, who is slated to be the next attorney general, succeeded National Chairman Will H. Hays here today, in President-elect Harding's final conference.

Daugherty was closeted with the president-elect for a long time today, and it is understood that the whole appointment list of the new administration was gone over.

While the Harding cabinet is yet tentative and there remain at least three places not even temporarily filled, Mr. Harding also is managing to find time for consideration of some of the scores of other appointments which he will be called upon to make before his administration is many hours old. A number of these will also be gone over with Charles Evans Hughes, who is to be the new secretary of state, when he arrives in St. Augustine tomorrow.

Mr. Harding desires to consult Justice Hughes principally regarding the cabinet.

RUN DOWN BY MACHINE
BUT WAS NOT INJURED

ELYRIA, Feb. 17.—W. A. Little, of this city, was run down by an automobile driven by A. V. Galloway, of R. D. No. 2, last evening. When the former stepped from the rear of a machine parked on Broad street, directly in the path of the car approaching from the east.

Little was not injured to any extent, but Galloway requested that Little notify him in case he discovered later on that he had been hurt.

Many Interested
In County Ditch

ELYRIA, Feb. 17.—The county commissioners are engaged in conducting a hearing on widening, cleaning and straightening the Van Neil ditch in Sheffield township. The hearing is being held in court room No. 2, on account of the large number of people interested.

This is the largest ditch in the county, and something like five hundred parcels of land are affected. The ditch touches the ends of Lorain, and runs through an allotment. The cost of the work will be heavy, but it is so divided up that in only a few cases does it put on an extra burden.

President Jewell
Urges Rail Board
To Speed Action

SAYS RAILWAYS ARE ATTEMPTING TO HAMPER WAGE ISSUE — INSISTS PRINCIPLE OF COLLECTIVE BARGAINING MUST BE PRESERVED

CHICAGO, Feb. 17.—Immediate settlement of all railway wage controversies outstanding before the United States railway labor board by a joint conference of railroad representatives and labor representatives to be held at the earliest possible moment, was urged before the board today, in a statement by B. M. Jewell, president of the railway employees' department of the American Federation of Labor.

Jewell's statement, presented in rebuttal to the claims of W. W. Atterbury, vice president of the Pennsylvania lines, that the country faces a national crisis unless the national wage agreements are abrogated, also recommended that the railway labor board pass immediately upon any difficulties of opinion which might arise from the conference.

Makes Recommendations. Jewell recommended also that the board requests Atterbury to withhold his announced presentation of "a flood of individual complaints" until the conference could be arranged, "in order that existing general agreements may not be impaired and that the matter can be brought to the board in the form of a single complaint."

The labor representative put the delay in arriving at a final decision in the controversy squarely up to the railroads, in stating that "if the carriers had obeyed the law and met the employees in national conference or joined with them in establishing boards of adjustment all delay could have been avoided."

Collective Bargaining. Jewell declared that his proposals were made with the following objects in view:

1. To insist upon the fundamental principle of collective bargaining, which is now the real issue before the board in pending cases.

2. To expedite these cases which otherwise will absorb a vast amount of time and effort.

3. To restrain the railroads from preventing proper functioning and destroying the effectiveness of the board by flooding it with a large number of individual complaints which it cannot handle.

Jewell made it clear that the unions are not fighting for the maintenance of working rules that.

GERMANY MAKES
DEBT PROPOSAL

LONDON, Feb. 17.—Germany made her first move today in an effort to ameliorate the allies' war indemnity decision. Proposals that were worked out over the week end were sent to Paris. It is understood that Germany contends that the discrepancy between her national revenues and expenditures shows the impossibility of meeting the allies' demands. However, the promise is given that the German government will continue to increase taxes.

The entente officials are most hopeful that the Germans will adopt a "comparative" attitude, and that an agreement will be reached when the reparations conference opens here next month.

STEEBENVILLE, Feb. 17.—At a church nursery in charge of volunteers for the benefit of mothers desiring to attend the evangelistic meetings conducted by Bob Jones, who denounces moving pictures as one of the degrading influences of the age, at least two women have been leaving their children and going to moving picture theatres instead of the tabernacle meetings. The women in charge of the nursery were left with the children long after the tabernacle services were over. Patience ceasing to be a virtue, the pastor of the church was notified and put a ban on those particular mothers.

ELYRIA, Feb. 17.—Fifteen pair of bright and shining handcuffs have been received at police headquarters, the first of the new equipment provided for the members of the police force, by the City Council.

The old manacles used by the police were pretty well worn out before Chief of Police Stankard requested the council to order new ones.

It is not often that an officer is required to resort to the use of handcuffs, but now and then an unruly prisoner is encountered and sometimes it is possible to subdue them by putting the shackles on them rather than resorting to the use of the mace they carry.

TEMPERATURE TOOK BIG

DROP IN BRIEF PERIOD

ELYRIA, Feb. 17.—Quite a drop in temperature occurred last night and the spell of spring weather which had prevailed for the past few days, gave way to real winter.

Overcoats which had been abandoned were again in demand this morning and those who had imagined that spring had come to stay, were busily engaged in starting another fire in the furnace before starting to work.

SAYS HUSBAND

ABUSED HER

ELYRIA, Feb. 17.—Lilly Ohlson of Lorain has asked the court to grant her a divorce from Gustave Ohlson. She alleges that he has not properly cared for herself and infant. She also states that he has assaulted her and called her vile names and has abused her relatives and friends, and she at times has had to call on them to protect her. She asks a divorce, custody of their child and an injunction to prevent his disposing of his property.

SAYS HAD TO WORK

AS FARM LABORER

ELYRIA, Feb. 17.—Alleging that she has been compelled to work on a farm at manual labor, when unable to do so, Ruth Crayford of Ridgeville, has begun divorce proceedings against William Crayford. The couple have four children, the youngest being but three weeks old.

She charges him with not properly caring for herself and children. She states that her health has been affected and asks for a divorce, custody of the children and alimony.

ELYRIA, Feb. 17.—Without an opposing vote, the house adopted the Griswold resolution, proposing an amendment to the state constitution providing for debt limitation, and passed the Griswold bill, limiting bonded indebtedness, and the Tait bill, permitting taxing districts to suspend the Smith one per cent tax law for three years, by vote of the people. These measures now go to the senate. The form part of the temporary taxation program.

Gov. Davis and his special committee of citizens, representing the business and rural interests and the general public, are continuing their sessions in an effort to determine upon recommendations to be made to the state legislature relative to enactment of a permanent taxation system.

GIRL WHO HAS
DISAPPEARED

FRANKLIN, Feb. 17.—Authorities are baffled over the mysterious disappearance of eighteen-year-old Dorothy Cutting, daughter of Frank Cutting, formerly editor of the Franklin News, now connected with an advertising agency in the Star building, in St. Louis.

The girl has been failing in health for some time, according to the statement of her mother, and fears were expressed that she may have been drowned in the Great Miami river, at Franklin. She was last seen standing near the interurban station in Franklin yesterday afternoon.

CERTAIN RELIEF FROM BRONCHIAL ASTHMA

Simple Home Treatment Makes Breathing Easy.

Just because you start the day tired, listless, worn-out from loss of rest and the difficult breathing of miserable Asthma—do not think you have to stay this way long.

Be strong and well, breathe clearly and easily again by using this simple treatment known as Oxidaz, the prescription of a Worcester, Mass., physician.

For any form of Asthma where the bronchial tubes are irritated, the breathing short and difficult, its healing, relieving action is really wonderful. Sufferers who can't breathe at night and who gasp for a good clear breath will appreciate the relief and comfort Oxidaz gives.

Oxidaz is a tablet made from essential oils which, when the patient dissolves in the mouth, almost immediately soothes the irritation, clears out the choked up air passages and enables the sufferer to breathe easily and get a real comfortable night's sleep.

It is sold by C. W. Phillips and leading druggists who agree to refund the full purchase price of the first package to any sufferer who does not obtain satisfactory relief. Asthmatic sufferers should give Oxidaz a trial. It is harmless and inexpensive.—Adv. 1-13, 2-17

Black and Tans Treat U. S. Men Rough, Ireland

LORAIN, Feb. 17.—The following is a part of a letter received yesterday by Capt. John O'Doherty of the Lorain Fire Department from a friend in New York telling of the alleged brutal treatment of Americans by the British in Ireland, as given to him by a friend upon his return from Ireland.

"Well this is how we treat Americans," replied the leader of the Black and Tans, hitting a man named O'Keefe on the head with his rifle butt. O'Keefe was educated senseless. When he recovered, he was warned that if he reported his experience the cottage where his parents are bed-ridden would be blown up.

I was a personal witness to hundreds of outrages at Listowel. The Black and Tans invaded a country fair, and searched us all. They made the men kneel in the mud and kiss their boots, and cry God save the King. At the point of their revolvers. Others were forced to have their heads shaven, and were then beaten. The Black and Tans invaded a cottage at Ballydonoghue where they tore a son from its mother's arms. They cut the sign of the cross on his chest with their bayonets, cut off his hands, and otherwise mutilated the body. Furthermore I can vouch for the truth of the statement that the British are using girls as hostages to protect their armored trains from attack.

I can personally vouch for one case, John O'Keefe born and raised in the United States, who is now living in Listowel county Kerry Ireland, was stopped by the Black and Tans, who attempted to search him.

"No, you don't said O'Keefe. 'I am an American citizen.' 'Well

This reception presents a two-

200 Injured in Railroad Crash

Two hundred persons were injured, fifteen seriously, when two electric trains of the Long Island Railroad crashed at a switch in Brooklyn, N. Y. The trains, each of seven coaches, came together with such terrific force that only for the steel construction of the cars the death list would have been appalling. Six of the fourteen coaches jumped the track, one over-turning. Most of the injured were cut by flying glass. The photo shows the battered end of one of the cars of the local train into which the express crashed.

fold opportunity. To the students it is a rare chance to meet their professors in a social way. No student can feel slightest restraint at an affair of this kind. There are none of the imagined barriers between pupil and teacher to make embarrassing situations for both parties. To the members of the faculty this reception affords an opportunity to personally greet a large number of students, with many of whom they do not ordin-

arily come in contact in the routine of the class room.

Mr. Villard denied that he had ever found any grounds for believing that American newspapers were to any large extent controlled by British money.

Mr. Villard is the fourth speaker which the Liberal club has brought to Oberlin this year. Other speakers were Norman Thomas, editor of The World Tomorrow, and Paul Howland of Cleveland.

The Liberal club of Oberlin college was founded last year for the purpose of maintaining a critical attitude, in which to study and discuss in an impartial, broad-minded spirit, contemporary social, economic and political questions in a constructive effort to discover the truth by detecting the fallacies of half truths and specious proposals for the solution of present day problems. In the second place, its purpose was to conduct such investigations without espousing as a club, and definite point of view on a specific question, and at the same time, to leave each individual member complete freedom as to the beliefs and convictions held by him.

Village Unable to Bond for Road Improvements Because of Being Over Limit Now: Anti-Screen Ordinance Discussed: The Misses Beller Entertain at Valentine Social—Father and Sons' Banquet Postponed

AMHERST, Feb. 17.—At the regular meeting of the village council Tuesday evening the matter of issuing bonds for road improvements was again taken up. The committee having had an interview with the county auditor, reported that the village could not is-

sue the aforementioned bonds until the legislature acted to legalize such a step. The village tax limit is 15 mills and it has already exceeded that figure by 1.8 mills, the present tax being 16.8 mills. In case no action is taken by the legislature to legalize a bond issue for such a deficiency, no improvements of any importance can be undertaken. Several of the village funds are inadequate to meet their requirements. Should a bond issue be legalized by the legislature it is probable that "Deficiency Bonds" will be issued and the capital thereby accumulated will be used not only in any department of the village requiring financial aid. The officials here insist that no bonds will be issued if there is no apparent means of retiring the bonds promptly and without incur-

ring a large village indebtedness. Another important topic discussed at this meeting was that of passing an anti-screen ordinance for all soft drink parlors in this locality. It was reported that the state legislature has a bill now pending which prohibits screens or any obstruction of view and the village has decided to withhold action in this respect until the legislature has acted upon this bill. In case the legislature does not pass the bill, the council will frame an ordinance for the village.

The Misses Beller entertained a coterie of friends at their home on Spring street last evening. Decorations throughout the house were suggestive of the Valentine season. Dainty refreshments were served by the hostesses. Several guests from Elyria and Lorain were present.

Mrs. Walker and son, Tom, from Edinburgh, Scotland, arrived here yesterday to pay a visit with Wm. Ennis and family on Jackson street. Mrs. Walker is the mother of Mrs. Ennis.

Mrs. Orcutt was a visitor at Ber-

Mrs. J. Schaeley was a Lorain visitor yesterday.

Mrs. Mary Miller, of Connecticut, is visiting at the home of R. G. Schaefer and family on North Main street.

The Father and Sons' banquet has been postponed indefinitely. Mr. Pete Spaulding, of Oberlin, called on Amherst friends yesterday.

PROSTRATE GLAND TROUBLES SHOULD HAVE IMMEDIATE ATTENTION

Watch the symptoms was Dr. Carey's advice. She faintest signals often indicate that the kidneys are ailing and need attention. Dry skin, for instance, and little specks floating before the eyes. Sometimes the feet feel heavy as if your shoes were full of lead. Often the joints ache or you have quick, darting pains shooting through the back or side. Then again that frequent desire to empty the bladder, cold, clammy feet and just a little puffiness under the eyes. Occasionally the hands or feet swell slightly and the palms of the hands are moist. Don't neglect them—you cannot afford to take any chances with your kidneys.

If you ever have the faintest suspicion that your kidneys are weak or your bladder is irritated the wisest thing you can do is to get a bottle of Dr. Carey's Marshroot Prescription, No. 777. Many thousands of cases could have been conquered by Marshroot if taken in time.

Hereafter you can always get this effective prescription at Harry A. Crandall's, and all reliable pharmacists the country over. Keep in mind the name, Dr. Carey's Marshroot Prescription, No. 777. No other medicine can take its place.—Adv't.

Big Bambino Is Confident He Can Shatter His Mark of Fifty-four Home Runs, and Impatiently Awaits Call to Play Ball to Begin Supreme Effort of Career Which Has Thrilled the World of Baseball

By JACK VELOCK
International News Sporting Editor

NEW YORK, Feb. 17.—A championship is a fickle thing, difficult to win, hard to hold.

Winning and holding a championship is a privilege given to but a handful among thousands of red-blooded young Americans who devote brain, brawn and untiring persistence to attain perfection in any line of sport.

Champions come and champions go. The smiles of Babe Ruth fit him and you and she deals them out with reckless abandon. The newly-crowned champion hears the cry of the pack at his heels almost before the plaudits that herald his rise to fame cease to ring in his ears.

It has been the experience of a vast majority of champions that popular sentiment demands an ever-changing personnel in the king row. The sporting world is always ready to hail a new champion, and just as quick to condemn a contender who can dethrone him.

Today we can boast of no less than a score of champions in various branches of sport who stand out brightly in their various fields of endeavor. Some are national, some international title holders. All are facing a year of keen competition and concentrated effort. How many of our champions will survive the attacks of the mobs at their heels? A fair percentage, no doubt, will come through with flying colors, but some of them must fall. Let us look at a few of the brightest of our title holders.

Long before Springtime's balmy breezes fan the Northern States, Babe Ruth will trek southward to prepare for another big season.

The Home Run King has a grand ambition. He also boasts a generous waistline. For these two reasons he is going to Hot Springs, Ark., with the battery-men of the New York Yankees. He will reduce his girth that it may not interfere with his grand ambition.

To hit SEVENTY-FIVE home runs during the 1921 campaign—here is a champion who stands in a class by himself. In 1919 he shattered all previous home run records by hitting out a grand total of twenty-nine. His achievement caused the fans to marvel. "He has made a record that will stand for a long, long time," they said.

And then, in 1920, the Colossus of Swat came back in all his glory, adding twenty-five home runs to his 1919 performance for a season total of FIFTY-FOUR, a mark no player of past days had ever dreamed of.

Right in His Prime. Ruth is now in his prime. He reached his twenty-seventh birth-

day February 7. As star players go he has many a year in baseball to look forward to and if he takes the proper care of himself and Dame Fortune does not interfere to dim the light of his batting eye he may hold his ground as world's champion hitter of home runs for some seasons to come.

With the optimism of a man who believes in himself, though with never a sign of self-consciousness, Ruth recently said that he has every reason to believe he can beat his 1920 record of fifty-four home runs, and added that he would like to reach the seventy-five mark.

In 1920 the pitchers of the American League gave Ruth 148 bases on balls, robbing him of just that many chances to swing for home run hits. In addition, he missed twelve full games, or some forty times at bat. He hopes to bat into both of these obstructions during the season to come.

In Class by Himself. As a champion the "Big Bambino" ranks among the few who need have no fear of being dethroned during the coming year. No player now in the major leagues has demonstrated anything that even resembles the ability to approach Ruth's record, or to compete with him next season. So Ruth is going out to swing his mighty war club against fate, the wiles of the pitchers and his own marvelous performance of last season.

Since he has been in the majors as a regular Ruth has hammered out a total of 103 home runs, beginning with 1915, when he got his first real start as a pitcher for the Boston Red Sox. His record of home runs by years is: 1915, 4; 1916, 3; 1917, 2; 1918, 11; 1919, 29; 1920, 54. Total, 103.

Ruth has driven in many a run with his club with singles, doubles and triples. These runs, however, are not included in the following figures, which show that through home runs alone he has accounted for a total of 174 runs in six seasons, counting his scores made on home runs and the runs he has driven home ahead of him:

Year	Runs	Men on	Total
1915	4	3	7
1916	3	4	7
1917	2	1	3
1918	11	8	19
1919	29	30	59
1920	54	25	79
Totals	103	71	174

Home Runs in Every Park. During the 1920 season Ruth made home runs in every American league park. His one bugaboo seems to be Washington, where the right field fence is far and away from the home plate.

But he cleared that fence once last season. He drove in a grand total

THE FENCE BUSTER

of 137 runs for the Yankees last summer, leading his league in this respect. He also led in scoring runs, with 158.

From these figures it can easily be seen what a prolific swatsman is the Big Babe. He is just as ambitious as he is prolific and he will put everything he has into the effort to attain the goal he has set. His crusade against the pitchers and fences next summer will be interesting to watch.

YOUNGSTOWN S. PLAYS LORAIN SATURDAY

LORAIN, Feb. 17.—Lorain will meet one of the strongest basketball teams in the state when they meet Youngstown South at the high school Saturday night. Lorain has won eleven straight victories so far the season and will try to raise this number to twelve when they take on the Youngstown outfit.

With men like McPhie and Stagall in the game Lorain should have but little trouble in defeating middle state boys.

Youngstown will not have a good team on the floor and Lorain is taking no chances on them, as they want to keep the long run of the score in our little old city if possible.

Coach Collins and Geo. Daniels are putting the local lads through some stiff practice this week and have rounded into shape pretty well. A large crowd of spectators from Youngstown as well as Lorain are expected to witness the game.

ELYRIA-LORAIN GAME DREW A BIG CROWD

LORAIN, Feb. 17.—The largest crowd that attended a basketball game was present last Friday night when Lorain High defeated Elyria and won its eleventh straight victory. Lorain had the best financial game of the season, the receipts being \$356 for 283 spectators.

Elyria had 160 students present at 25 cents per head; Lorain with 376 pupils at 25 cents. This amount for pupils being \$135.50 and there were 441 adults at 50 cents, amounting to \$220.50 making a grand total of \$356.00.

New Jersey, as the "home" State of Princeton university, sends fewer men to this institution than New York. Of the total registration of 1967 students, 432 are from the Empire state, whereas New Jersey contributes only 359.

Aviator Who Planned Record Flight Missing

Army planes from Kelly Field, San Antonio, Texas, cowboys and Texas Rangers are searching for Lieutenant Alexander Pearson, Jr., who has not been heard from since he left El Paso for Kelly Field several days ago. Lieut. Pearson had planned to leave El Paso, Cal., on Washington's Birthday in an attempt to reach San Diego, Cal., within 28 hours. Only two stops between the starting and stopping points had been chosen in the state of Texas. The first stop being either at Houston or Dallas and the second at El Paso.

CLEVELAND A. A. TEAM PLAYS AT AMHERST FEBRUARY 25

AMHERST, Feb. 17.—Manager Mitchell of the Ford Service has another big game booked for that team. The Favorite Knits of Cleveland will come here to play a game on Friday evening, February 25th. The Knits are known as one of the fastest teams of Cleveland and are rated as a A A team of that city. They have not been defeated yet this season and are coming to Amherst confident of winning.

The Amherst team are also confident of winning and are planning on breaking the winning record of the Clevelanders and also on adding another victory to their list. The Knits have played such teams as the Warren Steel team of Warren, the Y. M. H. A. Acorns and others which have enviable records in and around Cleveland. They are one of the biggest teams representing Cleveland athletics and will put up a fine game and one well worth seeing.

DAVE KLEIN TO BE OUT OF BIG GAME

LORAIN, Feb. 17.—"Dave" Klein well known athlete will be out of the Estarois White Motor game Friday night as he is confined to his home with blood poison.

Dave was scratched in the Rosenblum game at Cleveland last week and blood poison quickly developed. He will probably be out of the games the rest of the season as he is in critical condition in the family residence at 2111 E. 30th street. His absence will be badly felt by the Estarois in the game on Friday when they meet the strong White Motors of Cleveland at the Civic Center here.

FIRESTONE AND DIBBLE TRIM CROYLE AND VALANZA

LORAIN, Feb. 17.—Firestone and Dibble defeated Croyle and Valanza in the second pocket billiard game of three scheduled games at the Majestic billiard parlors last night by 100 to 71 points.

Firestone and Dibble played a wonderful game and many spectators were under impression that they were professional pool players. The score for the two nights is Firestone and Dibble 197, while Croyle and Valanza only ran 171 ball for the two nights.

REVERTS TO OLD METHODS.

Czar Lenine's contempt for the older forms of politics does not include a dislike for that time honored diplomacy which attempted to play one nation against another. Thus we find him telling his brethren about concessions presumed to have been arranged with private Americans. According to Lenine, the mythical American agent frankly admitted that Kamchatka, the long Siberian peninsula, was desired by the United States as a naval base to be used in the event of war with Japan.

To quote Lenine: "This millionaire said if we would sell Kamchatka to America he would promise us such enthusiasm on the part of the population of the United States that the American government would immediately recognize the soviet government. But if, on the other hand, we only lease it the enthusiasm would be less."

Kamchatka might be of some value as a naval base, but there are numerous sites more important with less likelihood of unpleasant political developments such as the Aleutian islands stretching almost to within sight of Kamchatka, and owned by the United States; while east of Japan are Oceanic islands under the stars and stripes. Southward are the Philippines. There are no frozen bays, to keep ships and bays separated, thus eliminating a complicated system of transfer and political controversies.

Lenine, of course, was speaking for Japan's ears. His intent is to produce a wider breach between Japan and the United States, and at the same time to weaken Japan's activities in Siberia. Lenine knows full well that his cause is lost the moment the world settles its differences and enters into a long season of peace and good will among nations. He may have contempt for the old forms of diplomacy, yet he finds old methods adaptable to the engendering of hatred of nation for nation.

HARKEN TO EXPERIENCE

In the face of the following review of naval history of the World War by an eminent writer, the most influential group of American navy officers is attempting to make Congress believe that there is nothing potent in the new weapons of warfare.

"When Admiral Sims went to England in April, 1917, he immediately reported that the German U-boats were winning the war. In this he was backed up by the late Ambassador Page and by Admiral Jellicoe, who admitted that England could not go on unless the submarine was conquered. The Grand Fleet was intact. German cruisers had been driven from the sea. The German fleet was bottled up. The navies of France, Italy and Japan were helping the Grand Fleet. About 4,000 anti-submarine craft were hard at work chasing submarines. And yet England was facing starvation!

It is impossible to conceive that in the face of the above facts that blindness could be more blind, nor conservatism could go farther, for history tells us that the German submarine fleet was comprised of ten thousand officers and men, and that at no time were more than thirty submarines with a complement of fifteen hundred men upon the ocean. Notwithstanding this, the combined navies of the allies, with a force of approximately one million men, were unable to offset the efforts of the thirty submarines and fifteen hundred German sailors, who came dangerously near achieving victory by simply cutting off England's food supplies.

A GOOD RESOLUTION.

Perhaps the greatest blow dealt the immodest present day styles for the feminine sex, and one that will accrue speedier results than any other heretofore suggested, is the attitude of the college men at Brown university, who say that they are through with society girls in short stockings and knee dresses, and garters that show in the whirl in a dance. They further allege that they are no longer interested in the "cheek to cheek," "the camel walk," and "toddling" and that it is their intention to insist on their girl friends dressing with taste and modest intention rather than for bizarre effects.

It is to be sincerely hoped that these men are in earnest, and that they will not forego these good resolutions before the blandishments of their vamping female friends. If they stick by their resolution they will have hit harder at immodest and absurd raiment and objectionable dancing than all the reform bureaus and ministers throughout the United States. The surest cure for making this ultra-snappy mode of looking and doing unpopular, is for the men to make known their utter dislike for any female indulging therein.

The slogan of Newport News—"Go to work; go to jail, or go away"—is not as drastic as it listens, as the town is furnishing pick and shovel work.

A little slip up—Senate majority leaders overlooked cinching the votes necessary before bringing in the cloture rule.

OBSERVERS

COLUMB

TO BREAD CONSUMERS OF ELYRIA:

No doubt you have heard about the wrangle between Elyria bakers and The Ward Baking Co. of Cleveland.

When Elyria bakers try to be honest to the people by reducing the price of bread one cent a loaf this Ward Co. comes to the rescue with a threat that if they do not put the price back where it was they would sell at 6c a loaf and starve these bakers out. The result is that our bakers have gone back to the old scale again. Must we put up with such robbery. It is up to you Mr. Elyrian.

Just ask for any other bread but Ward's.

Yours
Orval O. Strohl, City

Avon, Feb. 16, 1921

Chronicle-Telegram

Gentlemen:
The entire community of Avon is much enthused over their adequate police protection. Marshal Gough is known far and wide as a fearless exponent of law and order. He clearly demonstrated his authority Sunday evening, when he attempted to arrest several youths, who make a practice of committing petty offenses around the Gilbert store. We must congratulate our marshal and Mrs. Gilbert and their efforts to rid the town of these ruffians.

PASSES BILL TO HELP CITIES PAY DEBTS

Believe State Constabulary Bill Killed—Table Fisherman's License Bill—Hold Up Bucyrus Land Purchase

COLUMBUS, Feb. 17.—By a vote of 101 to 16, the House is believed to have killed the Harding State Constabulary bill, by sending the measure to the agricultural committee when the bill was called up for a vote on the question of passage. This action was taken on motion of Representative Harding. It believed the bill would have been defeated if a vote had been recorded on the question of passage.

On motion of the author, the Harding bill seeking to regulate employment of strikebreakers, was recommitted to the committee on agriculture.

The Taft emergency bill, authorizing cities to issue deficiency bonds to meet current expenses, having passed both Senate and House, now goes to the governor. Although passing the Bing bill, authorizing transfer of \$500,000 from the state highway fund to the common school fund, in anticipation of school revenues to be paid in June and distributed in August, the house rendered the measure practically worthless, by defeating the emergency clause. The measure cannot become effective in time to serve its purpose.

The House defeated the Atwood fisherman's license bill by tabling it when it came up for passage.

Unanimously, the Senate committee on benevolent institutions voted to indefinitely postpone further action on the Miller bill, which seeks to repeal the law under which the Bucyrus site was purchased by the board of administration, for the proposed state institution for feeble minded.

This subject, however, is expected to reach the state supreme court. The board of administration has presented to State Auditor Tracy vouchers totaling \$355,850, purchase price for the land, made payable to J. J. Stafford, Marion real estate dealer. Tracy said he won't pay unless advised by Attorney General Price to do so. In view of Gov. Davis' opposition to the purchase, it is expected the attorney general will advise the state auditor not to pay. Stafford is expected to file a mandamus suit in supreme court, in an effort to get the money.

SILVER CUP PRESENTED

FEDERATION CLUB AT VALENTINE PARTY

ELYRIA, Feb. 16.—The girls who make up the Federation club met at the Y. W. C. A. last night surely missed a jolly good time. New girls are meeting with the club each week, but it is not satisfied until every employed girl in Elyria is affiliated with one of these club groups.

The "never so good before" six o'clock supper was served to the girls in the dining room of the association, since the Y "gym" was occupied by the maids and men who were rehearsing for the Y. W. C. A. play "Springtime" to be given in the Rialto theatre on the 24th and 25th of this month. At the close of the supper hour Miss James Thomas presented Miss Dorothy Sack with a silver cup won by her as the girl bringing in the largest amount of cash from the street and theatre teams during the community chest drive in January.

At seven o'clock the girls went to their class rooms. A remarkable interest is shown by the girls in all these classes and they are enjoying them so thoroughly that they are anxious to share their opportunities with the other Elyria girls.

At eight o'clock the girls turned the association parlors from class rooms to a place of gayety for the Valentine party. The next hour and one-half was spent in playing progressive "Hearts" and the way in which the new girls became acquainted at this time was surprising to everyone. The prize winners of this game were Dorothy Sack and Miss E. Johnson.

After all the hidden candy hearts were found by the jolly searchers, they went to the dining room again which was now prettily decorated to represent the Valentine season. The refreshments consisted of heart ice cream and wafers.

All the "new girls of last night" were invited back for next week and a hearty invitation to visit the club is extended to all employed girls.

TRIPLE CELEBRATION HELD

WITH ENGAGED COUPLE THE GUESTS OF HONOR

ELYRIA, Feb. 17.—The home of Mr. and Mrs. E. L. Whitney on East Broad street was the scene Tuesday evening, of an unusual and delightful social affair, when the St. Valentine season together with the birthday anniversaries of Miss Lucille Loomis and Fred Brown, were taken as the occasion for a triple celebration.

Miss Loomis, who is the daughter of Mr. and Mrs. Ford Loomis of Park avenue, recently announced her engagement with Mr. Art Brown, the son of Mr. and Mrs. Art Brown of Oxford street, and the party was in the form of a pre-nuptial affair as well as a St. Valentine observance. It commenced with the evening party and the sumptuous dinner was served later on, and was easily prolonged past midnight, so as to cover both birthday anniversaries of both Miss Loomis and Mr. Brown, the former's being on Tuesday and the latter's on Wednesday.

Every dainty decoration and appointment suggestive of the romantic season and occasion was used effectively in giving the Whitney home a festive appearance and hearts and darts were conspicuous in every detail.

Dancing, games, a musical program and a general reminiscence of amusing incidents in family history were features all of which contributed much to the pleasure of this charming event.

Grandparents of the bride-elect Mr. and Mrs. C. Loomis of LaGrange were guests at the party.

PRETTY WEDDING TAKES PLACE AT OLD LADIES' HOME LAST EVENING

ELYRIA, Feb. 17.—At 6 o'clock Wednesday evening, a very pretty but simple wedding took place at the Old Ladies' Home on Second street and West avenue, when Miss Mamie Henry was united in marriage to Roger Clapp, son of Mr. and Mrs. R. L. Clapp of Gratton. The happy bride was much admired for her loving disposition and conscientious work by all the residents of the home and she will be sadly missed by them. Rev. John H. Grant, pastor of the First Congregational church, officiated at the ceremony and about thirty guests were present, including Mr. Clapp's parents, Mr. and Mrs. R. L. Clapp. After the service a sumptuous wedding supper was served, the tables being very prettily decorated with daisies and carnations.

The bride and groom were presented a beautiful and complete set of silver by the ladies in the home, a token of the love that these friends have for them. Roger Clapp has for some time been associated with the Elyria fire department No. 1, where he was well liked by his fellow workers and highly esteemed. The young couple will make their future home in Dallas, Texas.

BUSINESS COLLEGE VALENTINE PARTY A BIG SUCCESS

ELYRIA, Feb. 17.—Over a hundred pupils, both past and present, with their friends, and the faculty, turned out last night to attend the pretty Valentine party given at the Elyria Business college. Valentine games were the feature of the evening and the rooms were artistically decorated in streamers of red and white crepe paper and hearts and cupid, and all other suggestions of the season.

In order that the guests might become fully acquainted with each other they were given halves of tiny red and white hearts, on which were printed sentimental verses of the season, which they matched to secure a partner.

Much amusement was derived from a new game of post office. Comical Valentines were cut into various shapes and put in envelopes and some very humorous from her studies at Oberlin college,

characters was the result. The feature of the evening was a Valentine box. Every guest brought a "Valentine box" containing something of individual nature and the contents and they were all piled together in the middle of the floor. Each guest then took a box and was compelled to open it in front of the company, while making a little speech. Many inappropriate articles were included in the boxes, especially those drawn by the gentlemen guests, such as baby dolls, perfume, pacifiers and miniature dolls dressed as Mack Sennett bathing beauties. Delicious refreshments were served after a short musical program had been enjoyed, and the evening was happily ended by the session of dances. Miss Gladys Metke of Lorain providing the music on the piano.

ELYRIA, Feb. 17.—Covers were arranged for one hundred and twenty this week at the beautiful luncheon party given at the Elyria Country club as a benefit for the club house fund for its recent improvements. Following the one o'clock luncheon, which was served amid most effective St. Valentine decorations suggestive of the beautiful scene, both in flowers, hearts darts and cupid. Gorgeous hued tulips centered each table and table runners, napkins and favors all carried out the dainty scene of the ideas conforming with the sentimental season.

At bridge and five hundred eight prizes were awarded several being won by Lorain ladies many from that place being guests of the affair.

The hostesses for the luncheon and who were responsible for its splendid success were Mrs. D. S. Travel, Mrs. Howard Barbour, Mrs. Starr Faxon, Mrs. A. L. Stark, Mrs. Charles Fell, Miss Dorothy Lersch and Miss Henrietta Edwards.

CHURCH OF CHRIST HAS SPLENDID GATHERING OF FATHERS AND SONS

ELYRIA, Feb. 17.—Amidst a great gathering of men and boys at the "Fathers and Sons" banquet at the Church of Christ last evening there was written on the faces of all present the happy expression of goodwill and a general feeling of "I only wish that these gatherings could be had more often."

There is little doubt in the mind of the writer that this was one of the best, if not the very best, gathering of men and boys that has been his good fortune to witness.

The dining room of the church resembled a real banquet hall filled to its capacity. Under the leadership of Lawrence Webber, the men and boys made the walls of the room resound with the singing of some "popular songs."

The wives of the members of the Men's Bible class served a splendid supper and Ben Schubert and Lawrence Webber entertained the diners with some of their late songs.

Clyde Pulse told his original and happy manner what a real dad meant to a boy.

Judge Webber responded with a helpful talk of good points to the boys and young men.

Toastmaster Deane Burns told of a dream that one of the men of Mr. Mason's class had a few days ago. "This fellow dreamed that he had finished his happy and contented career in this world and had gone to the world above. Up on being admitted to heaven, St. Peter was showing him the splendors of his new home and Mr. B.

Big Class Man noticed a group of ladies over in one corner who were busy chatting and making quite a noisy demonstration. He asked good St. Peter who they were and was told that these were the ladies of the Dorcas class. Then he noticed a very large group of people over in another space and was told that these were the members of the fine Banner Class of Judge Webber; finally he noticed still another large group up near the Seat of Justice and quite curious, he asked who these fellows were. St. Peter answered that these were the men of Mr. Mason's class and that he had to keep them near the front where he could keep his eye on them.

The main talk of the evening was given by Joseph W. Ramsey of Cleveland. Mr. Ramsey has a fine way of reaching the attention of the boys and men, and endeared himself to all his listeners.

He told of the things that were of interest to the fathers who had the fortunate gift that God had given them in "their boys," what an advantage each father had in being the advisor and helpful parent to his boys. He next talked to the boys and told them of the things each boy could do to get the real companionship of his daddy and that there might be a better cooperation between the father and son, so that the boy could look to his real dad for all the advice and help that God meant he should have.

Mrs. Ramsey is a new speaker to Elyrians, but her new friend in each man and boy who heard him. Much credit is given to the different committees and to the ladies who so earnestly and willingly worked in their effort to make this occasion the real success that it was. Also to Mrs. Hill and Mr. Hill and Mr. Monroe of the White House bakery in their splendid help and also to W. B. Shay for the use of a Victrola.

Mrs. S. H. Squire of Third street entertained the Ninety Five club this afternoon.

Mrs. Lee Davis of Second street leaves for Canton next week where she will be the guest of friends.

Charles Scheide, Gerald Martin and Frank Anding attended a theatre party in Cleveland last evening.

Frank Sassmanhausen, son of Mr. and Mrs. Henry Sassmanhausen of Fifth street left this week for Cleveland, where he has entered East Tech high school to continue his vocational course, which he began in the Elyria schools.

Miss Gladys Berg of 709 East avenue has returned home from Kalamazoo, Mich., where she has been visiting for several weeks and she expects to enter St. Luke's hospital March first for a three years' course to let herself to be a trained nurse.

Mrs. John Curlo of Brooklyn street and Mrs. Geo. Barr of East River street spent Wednesday in North Olmsted, guests of Mr. and Mrs. Silk.

Mayor A. R. Jones and wife left for Bellevue, this morning, where the former will address the members of the Kiwanis club at the noonday meeting Thursday.

Ex-police Chief A. A. King, of Lorain, was an Elyria visitor, and Gay and paid his respects to Chief of Police Stankard.

John Henry, of Buffalo, was the guest of Elyria friends, Wednesday.

D. S. Troxel has returned home from a short visit in Chicago. The many friends of G. A. Asch, of East avenue will regret to learn of his critical illness, caused from a slight stroke of paralysis, his entire left side being affected. Although he has had periods of unconsciousness, he was considerably improved on Tuesday, but attending physicians were not so pleased with his progress yesterday, despite the encouragement that he has partially recovered from the paralysis in his side the trouble now seeming to be centered with his heart action.

MRS. SYMONS, HEAD OF MCKINLEY SCHOOL PROJECT, A WORKER

ELYRIA, Feb. 17.—The gigantic "Civic Improvement" which is being sponsored by the "Young Men's Better Business Club" of Elyria is meeting with a hearty cooperation and endorsement in a financial way by the excellent results being obtained by the uniting efforts of the staff of teachers of McKinley school.

The list of contributors being obtained partially by the solicitations of the pupils who realize the dire need of equipment for a playground on the "Heights" section of this city. As this is a real community need which every city of importance acknowledges must be met, thus it is being supported by parents who formerly had children in attendance, also a goodly number of the most prominent citizens outside the district have sent in a contribution.

It has been a most beautiful ambition and uprightness demonstrated by the McKinley school pupils, the largest play ground in Elyria, with a practical up-to-date equipment, for sometime past and she has, in consequence, not spared her efforts to reach this attainment since the project might in a great measure be made more complete by the aid and support of the "Young Men's Business Club."

The subscription is open (as is the play ground) to everyone interested in the city as well as the "Alumni" of this school also.

Any one particularly interested or a resident of this section of the city, can be a booster and give and receive in return large dividends by helping make possible a live up-to-date play ground where children are contentedly happy and purely safe.

Donations are being received at this school building for this splendid worth-while undertaking.

Two of the concerts to be given in the festival of the Ontario society of New York, Walter Damrosch, conductor, to be held this year at the Manhattan opera house. On Pacific coast, sing up en route in March 30 she will sing the concert to part in "The St. Matthew Passion" of Bach, and on April 2 in the Verdi "Requiem." Immediately after her New York concert she will mark her fifth and sixth appearances in Manhattan this season, she will leave for the western Canada and ending the tour in California on April 27.

Although its activities have been confined to the east and south and to the middle western territory bounded by Wisconsin, the Letz artist will have noted 65 engagements when the present season ends in April. Its popularity in New York is attested by the fact that 23 appearances have been made in New York city alone. The personnel will remain unchanged during the next season and will include Hans Letz, first violin; Sandro Harmati, second violin; Edward Krehner, viola, and Lajos Shuk, cello. According to the critics it has fallen into the mantle of artistic eminence which formerly belonged to its predecessor the Kneisel Quartet.

AN OLD-FASHIONED BEAUTY RECIPE

The old-time application of Buttermilk and Cream to whiten and preserve the skin and remove harsh little wrinkles and ugly sallowness is grandmother's recipe and women throughout the country are again using it to ensure a beautiful complexion and snow-white hands and arms.

Buttermilk, however, is not always obtainable, but a specialist has at last perfected a method of concentrating buttermilk and combining it with a perfect cream, which you can buy in small quantities ready to use at any first-class drug store by simply asking for "Howard's" Buttermilk Cream.

There is no secret about it nor is there any doubt about the result—it's just a common ordinary buttermilk in the form of a wonderful cream, gently massaged with the finger tips around the corners of the eyes and mouth.

If you have not yet tried this simple, easy way to beauty get a small quantity today and let your face be the judge. Your favorite toilet goods counter can supply you. Harry A. Crandall, Ebert's Drug Store, C. W. Phillips.—Advt. 2-17, 3-17

AN OLD-FASHIONED BEAUTY RECIPE

The old-time application of Buttermilk and Cream to whiten and preserve the skin and remove harsh little wrinkles and ugly sallowness is grandmother's recipe and women throughout the country are again using it to ensure a beautiful complexion and snow-white hands and arms.

Buttermilk, however, is not always obtainable, but a specialist has at last perfected a method of concentrating buttermilk and combining it with a perfect cream, which you can buy in small quantities ready to use at any first-class drug store by simply asking for "Howard's" Buttermilk Cream.

There is no secret about it nor is there any doubt about the result—it's just a common ordinary buttermilk in the form of a wonderful cream, gently massaged with the finger tips around the corners of the eyes and mouth.

If you have not yet tried this simple, easy way to beauty get a small quantity today and let your face be the judge. Your favorite toilet goods counter can supply you. Harry A. Crandall, Ebert's Drug Store, C. W. Phillips.—Advt. 2-17, 3-17

Maurice Tourneur presents The Last of the Mohicans

COLONIAL

Last of Mohicans.
ELYRIA, Feb. 17.—What boy missed seeing Maurice Tourneur's "Hardy" answer theater managers all over the country. When this famous French producer made Stevenson's widely read book into a scenario, critics conceded that he had produced a wonderful picture. Most of them observed the masterful way in which he brought out the tense moments—every thrill—and made the story more than worth seeing. Just as they reported this point in that picture, so have the advance audiences praised the same in "The Last of the Mohicans," at the Colonial theater.

The film of Cooper's famous leather Stocking tale brings out some thrilling episodes that will make every red-blooded American grip the arms of his seat. In the theater. From the very start of the story, Tourneur, with his artistry, carries his audience back to the days when America was young. Indians' crafty deceit starts cold chills running up and down the spine. When a noise is heard by one of the white girls—the audience holds its breath with her as she peers into the awesome gloom of the forest, looking for the sign of a red-skin.

The attack on the fort, the massacre, the blowing up of the powder magazines—everything—combines to make this feature one of the notable ones in the career of Maurice Tourneur. The gentle love of Uncas or the pathos of the maiden, and her reward for him, and the way the story turns out, cause one to stop and think.

"The Last of the Mohicans" is fully visualized by excellent characters with the master hand of Tourneur ever after, guiding them smoothly in their varied effects, and grandly gorgeous settings are all astonishingly beautiful, and the picture is bound to please the many patrons of this popular house.

AMERICAN

"The Trail's End."
ELYRIA, Feb. 17.—Many of James Oliver Curwood's famous novels have reached the screen; many of them have been the most successful photo-dramas of their time. But none of them has reached the silver-sheet with the breadth of human appeal, heart interest and suspense which characterizes "Isobel," or "The Trail's End," an Edwin Carewe production, which features House Peters and Jane Novak.

This thrilling romance of the Northwest presented yesterday at the American theater, relates one of the most compelling romances it has seen the fortune of this writer to fitness. A cast, talented and extraordinarily typical, helps portray the powerful theme of the story, while direction, photography, settings, etc., are of the sort that rouses enthusiasm even in the layman.

House Peters never had a role better suited to his typical ruggedness and natural talent. Jane Novak, likewise, is cast in a character which her charm of manner and beauty makes a thing alive. Both of these players have given a sympathetic touch to their characters which aids in making them things to be remembered in the annals of a photo play.

Peters is a member of the Royal Northern Mounted Police—a strong and likable character, while Miss Novak is cast as the beautiful and faithful wife of the man the officer has sworn to capture, of course, in a Curwood story, for the

HILL MINSTRELS TO ATTRACT BIG HOUSE

The company includes America's leading exponents of burnt cork fun and they not only reproduce all of the old charm of such a show, but also new novelties presented by capable artists. Hungry Bunnies Simply Had To Be Fed

ELYRIA, Feb. 17.—A trail of hay which had been strewn along the ground from where it had been taken from a West Side barn, was followed by Patrolman Sweet, yesterday and eventually he discovered where the stolen property had been cached by the robbers.

Sweet also discovered that four innocent rabbits were busily engaged in eating the provender provided by their youthful owners who had just "borrowed" the hay for their hungry bunnies—and the officer did not have the heart to tell the boys they must not take hay

from a neighbor man's barn, so he passed the buck to Chief Stankard who will talk to the boys on which ever commandment he imagines applies to the case at bar.

OBERLIN FRESHMEN ELECT PRESIDENT FOR THIRD TIME

Elyria Sophomore, Ralph Boughton, Was Elected President First Time; A. B. Coon Now Replaced by William Seaman as Head of First Year Class

OBERLIN, Feb. 17. — The Freshmen of Oberlin college have had a stormy opening to the college political life. They have duly met and elected three different presidents inside of little more than one semester, to guide them safely amid the pitfalls of a college career. Today, William Seaman was elected president; tomorrow we know not what will happen. Ralph Boughton, of Elyria, was elected the first president of the class at its meeting in September. A short time afterward, lobbying having been suspected and other means used by upper classmen to get a man on the Freshman cabinet, the class annulled the election of Boughton and chose A. B. Coon in his place. Mr. Coon served only a short time until the end of the second semester, when pressure of outside activities forced him to retire. It is hoped that the mantle that has fallen on Mr. Seaman will not again go wanting, and that he may be able to continue in office thru the remainder of the term.

The first election of the Freshman president caused a great stir on the campus. And thereby hangs a tale. When the time of the Freshmen began to bestir themselves to elect a president and to set the leass machinery in proper order to insure victory over the sophomores in the battle near at hand.

The Sophomores likewise began to bestir themselves in the matter of class organization and rejuvenation. They concluded that the Freshmen were ignorant in matters of registration and the upshot of the matter was that a sophomore was admitted to the Freshmen councils. In a short time after the meeting had been called to order, Mr. Ralph Boughton, of Elyria, a sophomore, through the suggestions of certain of his classmates and by means of other unknown resources, was elected Freshman president.

The advantage thus gained by the Sophomores in directing the movements of the Freshmen for the final moment of the tie-up, was of utmost importance. They were able to plan the battle more thoroughly by lining up both sides after their own fashion for the final affair. Members of the first

Seven Participate In Students' Recital

OBERLIN, Feb. 17. — Last evening in Warner Concert hall, the performers were, Miss Grace Graham, Miss Eglin, Miss Pancoast, Miss Carey, Miss Clague, Miss Vaniman, and Miss Ernberger. Miss Graham played the Barcarolle in A minor by Rubinstein. It was rendered with fine feeling. The rapid scale accompaniment in the left hand displayed a clean, free technique. Miss Graham is a sister of Dr. Graham, who recently was given Dr. Hutchins' place as professor in the Oberlin Seminary, when Dr. Hutchins was made president of Berea, Ky. College.

Dvorak's Humoresque for the harp, which was played by Miss Eglin, lends itself very well to harp music. Miss Eglin played it very well indeed, with the exception of a little poor pedaling at the end of the piece.

Miss Pancoast sang Day is Gone, by Margaret Lang, and Fairy Lullaby by Mrs. H. H. A. Beach. She gave much charm to her music. It was her first appearance, and although she did not appear perfect-

ly at ease, the audience felt the charm of her personality in singing. Miss Carey played two numbers from Grieg, Nocturne, and Minuet, op. 7. These were well played, and revealed very fine tone and expression.

Miss Ernberger, one of Mr. G. C. Hastings' senior pupils played remarkably well a Gavotte by Glazounov. Her technique was very near perfection, and the tone shading and power remarkable. This was undoubtedly one of the best numbers on the program.

Announce Artist Recitals For Semester

OBERLIN, Feb. 17.—Prof. C. W. Morrison, director of the Conservatory of Music, announces that an Artist Recital course of unusual interest will be offered this semester for Oberlin music lovers. There will be six numbers, two of which will be given by members of the conservatory faculty.

"Our own artists, Mr. Breckenridge and Mr. Upton, who open the course are sure to have something of interest," according to Mr. Morrison; while the other piano recital will be given by Mr. Bauer who has played here before, although not recently.

"Miss Hinkle, who will give the vocal recital of the course, is a brilliant artist, well known in Oberlin and one who stands at the head of American singers."

Mr. Morrison says: "A Pagan Poem," a composition written on the subject of some Greek sonnets by Martin Loeffler, an American composer, will be played by the Cleveland Symphony orchestra and Mr. Gebhardt, pianist. Director Morrison bases his special recommendation of this composition upon a presentation in Cleveland, which he heard some months ago. Besides the Poem number, the orchestra will present Tchaikowsky's "Pathetic Symphony."

The Cleveland Quartet from the Symphony orchestra and Mrs. William Mason Bennett on April 12 will present a program of chamber music.

The last recital of the course will be given by Prof. Friedrich A. Goerner, who has been absent in the first part of the year studying "cello in Europe. He brought back with him a new instrument which will be heard for the first time in Oberlin.

The program as announced consists of the following numbers. Recital of music for two pianos. Mr. Breckenridge, Mr. Upton, Monday, Feb. 21, at 7:30 p. m. Mr. Harold Bauer, piano recital, Tuesday, March 1, at 7:30 p. m. Miss Florence Hinkle, vocal recital, Tuesday, March 15, at 7:30 p. m. The Cleveland Symphony orchestra, Nicolai Sokoloff, conductor, with Heinrich Gebhardt, pianist,

NATION EDITOR HITS YELLOW JOURNALS

Declares Papers Circulated Stories of Horrors and Atrocities in Russia Which Never Took Place

OBERLIN, Feb. 17.—Oswald Garrison Villard, editor of "The Nation," spoke before a large crowd of students and club members on the subject of "Journalism." The American newspaper, declared Mr. Villard, "is to be criticized because of its failure to adhere firmly to principles, and because it is largely commercialized."

"The bulk of the American people have lost their faith in the newspaper because they realize that most of the newspapers today have some propaganda to put forth and their foremost interest is not always to get at the truth," said the speaker. For example, he stated that The New York Times, in dealing with the Russian situation, had burned Petrograd twice, had starved it to death continuously, and had recorded a large number of overwhelming revolts of the people against the Bolsheviks.

"Almost every daily has circulated stories of horrors and atrocities which never took place in Russia."

Matter of Conditions

"If the Germans had been our allies during the last war, the American newspapers would have found a hundred excuses for the atrocities of Germany, such as the sinking of the Lusitania."

"There is a marked difference between the newspapers of today and those of the period from 1850 to 1860. At that time, they printed an admirable volume of news with accuracy and general information not to be found today. The newspapers then were primarily interested in printing facts."

An example was given of the New York Herald, which printed a verbatim copy of an address of Wendell Phillips in an eulogy over John Brown, whose policy it had opposed, and even giving each in-

terruption in the address of the things which were said to have been hired by the paper to break up the meeting.

"The legal profession has not been able to find its voice about wrongs to individuals," the speaker continued, bringing out the lack of freedom of thought, "and the universities are too busy in their attempts to uphold the present day system to take up such matters; hence turning to the press, the chief reason for its attitude is its commercialization. Our press is out of touch with the people."

When asked what he considered the leading newspapers in the country in facts and accuracy and unbiased opinion, the speaker named The Christian Science Monitor, the Cincinnati Enquirer, the Springfield Republican, the American Standard, a new Methodist paper in Minneapolis, and the Literary Digest.

"The Associated Press has the great advantage of being non-commercial," he stated. "The Federated Press which is springing up is a very valuable organization, but it will have the disadvantage of presenting its news from the point of view of its clientele." Mr. Villard does not favor the endowed journal. He believes that far greater promise lies in the co-operative newspaper system.

"We want American cables and American correspondents on guard abroad," was the program laid down for American newspapers. The testimony of the president of the Western Union in Washington that every single dispatch sent through England was read before being transmitted, was mentioned. "Very often, the messages which are sent by American business men in private cablegrams, are given out, often to the detriment of the interests which sent them."

International Conditions

"In the case of Haiti and San Domingo, we went into those countries for the very things we fought against in the world war. We destroyed every vestige of self-government in Haiti, and all the while the newspapers were printing patriotism. The daily press could not have failed more completely in its duty."

Speaking of international conditions and relations, yesterday afternoon before a group of members of the club, Mr. Villard said that he was opposed to the League of Nations because it was the work of the statesmen who took us into the World War.

"Our press is without appreciation of the situation abroad," he stated, "and at home it is without tolerance." When asked what phase of European news he believed the American people should be enlightened upon, he stated that "we must get back into the councils of Europe, because our fortunes are inextricably bound up with those of Europe."

SAYS HIS PRESCRIPTION HAS POWERFUL INFLUENCE OVER RHEUMATISM

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work. He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let suffering everywhere know about his discovery through the newspapers. C. W. Phillips, Ebert's Drug Store, Grandall's Pharmacy have been appointed agents for Allen's in this vicinity with the understanding that he will freely return the purchase money on the first two bottles to all who state they received no benefit.

CLEANING the tent and bathing an aged crippled Ute Indian is only an incident in the work of one of the Presbyterian missionaries to Indians who reach 50 tribes in 19 states. Through its 10,000 congregations and 1,600,000 members this Church carries on a great variety of work reaching in this country alone such groups as immigrants, negroes, lumberjacks, Mexicans and Indians.

Presbyterians last year added 99,000 on confession of faith and expect to receive twice as many before Easter.

Preaching has many "practical" applications:

- A rural Texas pastor in one year made 11 miles of good roads and was appointed road supervisor.
- Natives of West Africa are taught printing and carpentry.
- An agricultural missionary doubled the size of eggs in one populous India district in two years by importing and cross breeding chickens.
- Half a dozen hospitals in America and 77 in 9 foreign countries are maintained solely by Presbyterians.

Wouldn't you like to become a partner and link your energies with this kind of church? We need your influence and support. Come Sunday.

HARDING STILL CONFERS ON CABINET

Begins Weeding Out Process — Gov. Lowden, Jas. J. Davis, Chas. Hughes, Daugherty, Andrew Mellon, John J. Hammond and John Weeks Mentioned

BY GEORGE R. HOLMES.
I. N. S. Staff Correspondent

ST. AUGUSTINE, Fla., Feb. 17.—The conferences in progress this week between President-elect Harding and republican party managers here constitute the final weeding out process in the cabinet garden.

While it is now virtually certain that there will be no announcement of the new cabinet until March 3, and quite possible not until March 4, the president-elect hopes within another week to have matters so adjusted that he could make public his selections if such a course were deemed expedient. There is no indication, however, that such a course will be considered advisable.

As matters stand today those about the president-elect believe that if he were confronted with the task of naming immediately the members of his official family, he would name Charles Evans Hughes to be secretary of state; Harry M. Daugherty to be attorney general; Will H. Hays to be postmaster-general; Andrew Mellon to be secretary of the treasury; John W. Weeks to be secretary of war; Hendry C. Wallace to be secretary of agriculture, and Senator Albert B. Fall to be secretary of the interior. And there they stop. The three remaining posts—navy, commerce and labor—are still very much up in the air according to those about the new president.

Gov. Frank O. Lowden, of Illinois may be the new secretary of the navy; John Hays Hammond may be the secretary of commerce, and James Duncan or James J. Davis may fill the labor portfolio, but there is little to indicate that the president-elect has made any definite decisions regarding them.

So far Mr. Harding himself is considered, he has not indicated in practically no cabinet talk other than to say that this man or that man has been strongly recommended. He has conferred in the morning and golfed in the afternoon, and meanwhile watched the reaction of the various names proposed.

Today, Mr. Harding had appointments scheduled with Alfred H. Smith, president of the New York Central railway; Col. Arthur W. Woods, former head of the New York police; and O'Connor, president of the Young Men's Union, and George Sylvester Viereck, former head of the German-American Alliance.

It is understood that Smith took up with President-elect Harding the financial conditions of the railroads and stressed the need for congress immediately voting them the government guaranty funds. This bill making available these funds, had struck a snag in congress and the railroads are insistently urging action.

Col. Woods came to St. Augustine at Mr. Harding's request, it is understood. He has been suggested as possible assistant secretary of war. He filled a similar position during the war and has been strongly recommended to reassume those duties in the new administration.

POPE MAY TAKE UP IRELAND PROBLEM

By EDWARD STRUTT,
I. N. S. Staff Correspondent.

ROME, Feb. 17.—Pope Benedict XV. may deal with the Irish question at a public consistory in March, it was reported in circles close to the Vatican today.

According to previous information, only one consistory was to be held next month, but it is now understood that two consistories will meet at the Vatican, one private for the creation of new cardinals, the other public. The date of the secret consistory has been tentatively set for March 7; the public consistory, if held, probably will take place about March 10.

The view is held that all the new cardinals created will be from outside of Italy, and it is certain that one of them will be an American, although his identity is not yet absolutely certain, so close is the veil of secrecy thrown over such matters by the papal court.

WARNS AGAINST MONEY DONS ABROAD

Federal Reserve Board Head Says Government Must Conserve if Prosperity Is to be Assured

(I. N. S. Staff Correspondent).

WASHINGTON, Feb. 17.—Congress was warned today that the government's credit must be conserved and the basis of American prosperity protected, if European economic pitfalls are to be avoided. The warning signal was hoisted by Gov. W. P. G. Harding of the federal reserve board. Gov. Harding submitted to congress his annual report upon the operations of the federal reserve system. He traced the commercial reactions of the past and present the upsets due to the war load now being borne by the government.

Gov. Harding told congress that although the entire world has been shaken by commercial and financial upheaval, with disturbances still pronounced in many countries, the United States is much stronger in financial resources and much more self-contained today than any other country on the globe.

But, however great the economic strength of the United States should be, it should be remembered that the country's expenditures during the war and the very profound modifications which have occurred in its economic system have had such far reaching results as to make it imperative that the utmost care be taken to conserve our credit and protect the basis of our prosperity if we are to avoid the extreme conditions which prevail in other countries," said Harding.

Cutting the financial chaos now existing in many countries, Gov. Harding said the solvency and financial stability of some of them depend in large measure upon the United States.

Gov. Harding thereby pointed the way to a more vigorous banding by this government of some of its foreign debtors. His intimation was strong that the great need abroad at the moment is the adoption of national measures of "self help."

Tracing the steps through the acute stage of transition from "war time delirium to normal conditions of peace," Gov. Harding observed that the United States has suffered less of all world disasters, he said, have been more drastic in other countries, notably European nations, where inflation of bank credit and currency was more pronounced than in the United States.

Business in the United States has begun to adjust itself to new conditions, he said, and is preparing to proceed upon "sounder and saner basis."
